It was difficult for me to use it as a study guide due to pen marks. However this is extremely similar to the real ACS exam. If you need to review Organic 1 as well as the material from Organic 2 this is the best study guide. Stay away from purchasing a used study guide to avoid what happened to me.

This study guide was ok at best. I went into the my final with an A, I did all of the problems in the study guide and I totally bombed. My test included a lot of questions on the Henderson-Hasselbach equation as well as Delta H, Delta G and Delta S. None of those topics were covered well in the study guide. Save your money and study your notes.
