He has written five books, not counting textbooks, and his latest is Average is Over: Powering America Beyond the Age of the Great Stagnation. While the title tells you about the main theme of the book I found that, beyond the economics of our current snail-like recovery from the depths of the recessio Tyler Cowen is a writer, blogger, and an economist.

Average Is Over: Powering America Beyond the Age of the ...

Average Is Over: Powering America Beyond the Age of the Great Stagnation is a 2013 book by economist Tyler Cowen laying out his vision for the future trajectory of the global economy. It is a sequel to Cowen's 2011 pamphlet The Great Stagnation, which argued that America had exhausted many of the low-hanging fruit that had powered its growth in the 19th and early 20th century.

Average Is Over - Wikipedia

Average is over is the catchphrase of our age, and it is likely to apply all the more to our future. This maxim will apply to the quality of your job, to your earnings, to where you live, to your education and to the education of your children, and maybe even to your most intimate relationships.

Average Is Over: Powering America Beyond the Age of the ...

Nor does he spend much time thinking about how we might include more people in the "winning" category and "power America beyond" this coming worker stagnation. Maybe he is setting the stage for his next book where he gives this more thought. If so, Average Is Over could have been shortened by 100 pages and still conveyed the same message.
