Pre-Algebra - Fractions Objective: Reduce, add, subtract, multiply, and divide with fractions. Working with fractions is a very important foundation to algebra. Here we will briefly review reducing, multiplying, dividing, adding, and subtracting fractions. As this is a review, concepts will not be explained in detail as other lessons are.

Beginning and Intermediate Algebra - Cabrillo College

Users of Rockswold/Krieger's Beginning and Intermediate Algebra with Applications & Visualization, Third Edition love the integration of applications and visualization to help students gain a greater conceptual understanding; however, they've requested more of this integration in the accompanying MyMathLab courses. As a result, we bring you a new Conceptual MyMathLab Update—the textbook is unchanged, but we've added these conceptually focused updates to the MyMathLab course:
