should study each of the forms to understand how to use conditionals to speak about:

Conditional Forms and Sentences in English

Zero conditional sentences can come in many forms. But since they are based in fact, they only share past and present situations, NOT possible future situations. So, we write them using a combination of past and present tenses. Present Tense. In many zero conditional sentences, both clauses are in the present simple tense, like this:

Conditional Sentences: Examples and Definition

The present conditional describes a situation now that isn't true or isn't happening. Teachers also call this the present unreal or present contrary-to-fact. If I had a million dollars, I would give it away to all my friends. "If I had a million dollars" is in the past tense, but it describes a possible situation (or impossible situation) in the present.

present conditional sentences - Learn American English Online

"Wish" (in the present tense) can be added to a sentence in the third conditional to express a more ideal result and past perfect verbs, again either positive or negative, accompany the subject of these sentences. The past unreal conditional sentence structure with "wish" is: Subject + "wish[es]" + subject + past perfect verb + object[s].

Past Unreal Conditional Form Examples - ThoughtCo

Prototypical conditional sentences in English are those of the form "If X, then Y". The clause X is referred to as the antecedent (or protasis), while the clause Y is called the consequent (or apodosis). A conditional is understood as expressing its consequent under the temporary hypothetical assumption of its antecedent.
