Foundations Of Futures Studies Human

Foundations of Futures Studies fulfills Bell's five main purposes for writing this two-volume effort: (1) to show that futures studies, like other fields from anthropology to zoology, exists as an identifiable sphere of intellectual activity; (2) to create a teaching instrument that can be used as a basic text for core courses in futures studies; (3) to futurize the thinking of specialists in other disciplines; (4) to contribute to the further development and improvement of futures studies ...

Foundations of Futures Studies (Human Science for a New ...
Foundations of Futures Studies fulfills Bell's five main purposes for writing this two-volume work. Wendell Bell's two-volume work Foundations of Futures Studies is widely acknowledged as the fundamental work on the subject. In Volume 2, Bell goes beyond possible and probable futures to the study of preferable futures. He shows that concern with ethics, morality, and human values follows directly from the futurist purposes of discovering or inventing, examining, and proposing ...

Foundations of Futures Studies (Human Science for a New ...

Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures. It aims to demystify the future, make possibilities for the future more known to us, and increase human control over the future.

Amazon.com: Foundations of Futures Studies: Volume 1 ...

The preface to The Foundations of Futures Studies by Wendell Bell is dated 31 August 1995, the last day of the last academic year of his 43-year career. That date speaks to the significance of the book in his career and in the field of futures studies. The book is his legacy, a gift really, to his friends and colleagues in futures studies and to those

Bell compares depictions of the good society by utopian writers, describes objective methods of moral judgment, assesses religion and law as sources of what is morally right, documents the existence of universal huma... Now available in paperback with a new preface from the author, Volume 2 of Foundations of Futuress Studies moves beyond cultural relativism to critical evaluation.

Foundations of Futures Studies ([[]])

In the book, Foundations of Future Studies, Vol. 2, Wendell Bell examines "the ethical foundations of futures studies." Because "a great deal of scientific research is directed at creating knowledge not as an end in itself but as a means for solving practical problems or achieving other valued ends," he shows concern for "ethics, morality and human values...[in] proposing preferable futures."

Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures. It aims to demystify the future, make possibilities for the future more known to us, and increase human control over the future.

Foundations of Futures Studies: Volume 1: History ...

I would not call this book "Foundations of Futures Studies". Rather, "History of Futures Studies "stripped down to sociology and political science. The author points to the interdisciplinary nature of future studies, but he did not apply to this rule. In the book there is no reference to military strategy, and above all to economic science. The author devotes too little attention to methods of future studies.
