Engines & Parts for 1980 Honda CT110 for sale | eBay

The Honda Trail for 1980 was called the CT110'80. One color was available: Tahitian Red. The "HONDA" decal was red but outlined in white. The decal "TRAIL 110" appeared only on the left side cover. The ignition used points and condenser. The engine was a single cylinder displacing 105cc and used a single overhead cam (OHC).

Honda CT110: history, specs, pictures - CycleChaos

The Honda CT110 is a small dual-sport motorcycle made by Honda in Japan since 1980 and is sold in various parts of the world. The bike has sold well worldwide. The CT110 replaced the CT90, which was essentially the same machine but with a smaller displacement engine.. Design

Honda CT110 - Wikipedia

Q: What Engine Oil to use in NBC110? A: We use the same as the Honda CT110's, 10W40 semi synthetic. We highly recommend Motul oil, been

using it for almost 10 years but Shell is also fine.

Q: What Engine Oil to use in NBC110? - ct110-postie.com

Except for the engine change, the 1966 models of CT200 and CT90 were the same—the change in model number reflected a new Honda policy that model numbers would indicate engine-size class. The CT200 and 1966 CT90 had a dual rear sprocket, which created a lower gear range for heavy weight or steep terrain.
