Love A History Simon May

At the outset of *Love: A History*, Kings College Professor of Philosophy Simon May states that he has three principal aims: (1) to show how love has become a surrogate for God in the modern era, (2) to outline the illusions of this substitution, particularly the idea that love is unconditional, and (3) to propose a new way of thinking about love unburdened by these illusions (p. 13).

In LOVE: A HISTORY, Simon May chronicles the evolution of Love through the ages, from the Hebrew scriptures to the works of well-known philosophers that have influenced and permeated pop culture. He shows the complex tapestry of Love with all its contradictions as the work of many minds over several thousand years and that in the end it's always up to us to come up with our own definitions.

Love: A History by Simon May

Tracing over twenty-five hundred years of human thought and history, May shows how our idea of love developed from its Hebraic and Greek origins alongside Christianity until, during the last two centuries, “God is love” became “love is God”—so hubristic, so escapist, so untruthful to the real nature of love, that it has booby-trapped relationships everywhere with deluded expectations.
