Merely said, the m48 patton in action is universally compatible with any devices to read

The blog at FreeBooksHub.com highlights newly available free Kindle books along with the book cover, comments, and description. Having these details right on the blog is what really sets FreeBooksHub.com apart and make it a great place to visit for free Kindle books.

#### M48 Patton In Action

The M48 saw extensive action with the US military during the Vietnam War. Over 600 Pattons would be deployed with US forces during that war. [1] [46] The initial M48s first landed with the US Marine 1st and 3rd Tank Battalions in 1965, [47] with the 5th Marine Tank Battalion later becoming a back-up/reinforcement unit.

#### M48 Patton - Wikipedia

The book tells the reader the M-48 is evolved from the somewhat unsuccessful M-47 Patton, itself a direct off shoot from the T-26/M-26/M-46 tank. However, the M-48 has a better turret and improved 90mm gun. The photos and writing in this handy little book will make a novice to the M-48 a semi-expert on the various models of the M-48.

M48 Patton in action This edition published in 1984 by Squadron/Signal Publications in Carrollton, Tex.

#### M48 Patton in action (1984 edition) | Open Library

The M48 tank was the backbone of American armored forces in Vietnam. Some 11,700 examples of the type were built by Chrysler, Ford, Fisher, and ALCO in the 1950s. Along with the M46, M47, and M60, the M48 was named the "Patton," after World War II commander George S. Patton.

#### FHCAM - M48A1 Patton Medium Tank

The M48 Patton served as an interim tank in U.S. service until replaced by the U.S. Army's first main battle tank (MBT), the M60 Patton. The M48 served as the U.S. Army and Marine Corps's primary battle tank during the Vietnam War. It was widely used by U.S. Cold War allies, especially other NATO countries. The M48 Patton tank was designed to replace the previous M47 Pattons and M4 Shermans. Although largely resembling the M47, the M48 Patton was a completely new tank design.

#### M48A5 Patton - Global wiki. Wargaming.net

The Pershing was evolved into a series of Patton tanks armed with 90mm guns, including the M46, M47 and M48. The M60, introduced in 1960, was the last: a tall-profiled brawler designed to outmatch...

The M47 Patton was an American main battle tank, a development of the M46 Patton mounting an updated turret, and was in turn further developed as the M48 Patton. It was the second American tank to be named after General George S. Patton, commander of the U.S. Third Army during World War II and one of the earliest American advocates of tanks in battle. ...

The M46 Patton was an American medium tank designed to replace the M26 Pershing and M4 Sherman. It was one of the U.S Army's principal medium tanks of the early Cold War, with models in service from 1949 until the mid-1950s. It was not widely used by U.S. Cold War allies, being exported only to Belgium, and only in small numbers to train crews on the upcoming M47 Patton.

The M41 Walker Bulldog, officially 76-mm Gun Tank, M41, was an American light tank developed for armed reconnaissance purposes. It was produced by Cadillac between 1951 and 1954 and marketed successfully to the United States Army as a replacement for its aging fleet of World War II vintage M24 Chaffee tanks. Although engineered as a reconnaissance vehicle, the M41's weight and armament also ...

West Germany has a lot of M48 Patton in its service which still has low mileage and in very good working order. With all the M48 stock in the Bundeswehr, throwing away those already obsolete tanks was frankly pathetic. But fighting them against Soviet armored groups was quite suicidal; where the obsolete 90mm gun would be ineffective.
