Sanskrit Chants

The Sanskrit word “ mantra ,” from the roots “manas” (the linear thinking mind) and “tra” (to cross over), has found common use in Western vernacular. Though today we tend to equate mantras with spiritual aphorisms or repeated affirmations, mantras are traditionally defined as “sonic formulae that take us beyond, or through, the discursive faculties of the mind and connect our awareness directly and immediately to deep states of energy and consciousness,” writes Russill Paul ...
