Spreadable Media is a scholarly work, rich with ideas, facts, quotes, and links, while at the same time it's easily readable without an academic background in media studies. I've recently been reading many, many books on social media, fandom, and writing and this is the first one I've photographed so I could go shout about to fandom writers on

View Citation. summary. Spreadable Media maps fundamental changes taking place in our contemporary media environment, a space where corporations no longer tightly control media distribution and many of us are directly involved in the circulation of content. It contrasts "stickiness"—aggregating attention in centralized places—with "spreadability"—dispersing content widely through both formal and informal networks, some approved, many unauthorized.

Media is like pollen, all around us, and inside of us. Each day we collect and stack up pieces from the media, reconstructing layer by layer their invisible scripts, and then we bring them to bed with us every night in our cement beehives. We are in contact with hundreds of communicative environments for 24 hours a day, we put up with about ...
