### The Telecommunications Handbook | Wiley Online Books

Telecommunications Act of 1996, U.S. legislation that attempted to bring more competition to the telephone market for both local and long distance service. It was passed by Congress in January 1996 and signed into law by Pres. Bill Clinton in February 1996. It permitted firms that served competitive local markets to enter the long distance market, and it attempted to implement a single layer of regulation at the federal level.
