### The Dark Side Of Valuation

In The Dark Side of Valuation, the world's top expert on valuation brings together today's best practices for accurately valuing young, distressed, and complex businesses. Aswath Damodaran has thoroughly revised this book, broadening its perspective to consider all companies that resist easy valuation.

### Amazon.com: The Dark Side of Valuation (paperback) (2nd ...

If the tech-stock swoon merely whets your appetite for this roller coaster of a market sector, and your eyes don't glaze over at the very sight of formulas like "Return on Capital = EBIT (1 - t) / Capital Invested," then The Dark Side of Valuation is the investment guide you've been waiting for. Whether considering New Economy firms at their peak or their valley, writes Aswath Damodaran, the problem has always been determining their true value with equitable dispassion.

### The Dark Side of Valuation: India Business Forum

We continued our excursion on the dark side of valuation by first looking at mature companies on the verge of transitions, and how you can use the two values (status quo and changed) to derive a value today. We then moved on to emerging market companies, where concerns about country risk and corporate governance have to be incorporated.
